

DEAF AWARENESS WEEK

What is your school doing?

Can CST support you with lessons/ assemblies/ a question and answer session?

Ideas:

- Learn fingerspelling- who can learn the alphabet first?
Certificates for every child that can sign all or some of the alphabet
e.g. X can sign of the 4/26 letters in the alphabet
- Link a science lesson to hearing impairment
- Invite CST and try hearing equipment, what is it really like?
- Write a diary extract as if you were Deaf.
- Read a story in circle time. 'Ranvier cannot hear' by Genevieve Yusuf
- Use 'YouTube' to show a clip- How do hearing aids work?
- Show NDCS videos to older pupils to understand the social implications. (National Deaf Children's Society website has links, Free to register)
